

Ten Mile Community Church

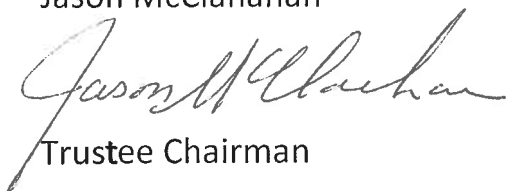

Trustee Report 2014-2015

This has been a productive year for the Trustee board. Below is a list of the larger projects that we worked last year:

- Two new furnaces were installed
- Converted the old kitchen space to storage
- Refinished the gym floor
- Parking lot crack recoating and striping
- Roofing – South sanctuary, foyer and gym
- Upgraded the internet from Clear Wire to a higher quality connection with Century Link
- Flooding was addressed this fall and winter in the building. The downspouts and roofing were both addressed
- A new food pantry location is being built in the parsonage garage. The electricity is wired, air conditioner installed and walls up. Finishing touches will be done this next year.
- Carpet has been purchased for the foyer, and the installation is being budgeted for this updating year.

We are looking forward to the direction that the Lord will lead us this year in the Trustee board. Thanks to all that has helped on projects this last year. Especially the Kitchen Committee that spend so much time helping with the vision and training in the kitchen.
